ACTIVITIES OF THE DAY

Breakfast 8.30 am

as always we were given 2 bread, butter, cheese, ham, jam, tea, coffee and yoghurt.

Presentation 11.00 am

The presentations of the Portuguese, German and Estonian delegations were given. The Portuguese group drew their associations with Estonia: a bottle of vodka (Virus Valge) bear, forest, moors and the dragon of the Town Hall.

The German group drew the Estonian coat of arms, flag, and provided information and facts about Estonia.

The Estonian delegation was represented by a lot of photos and video material about their

country. (previews of Eurovision Song Contest 2008 in Serbia were also shown.)

After lunch at 14.30 we had activities in the Youth Center in Leiria. We analyzed the latest newspapers from our countries in order to find articles with the same topics. There were two themes— F1 and Tibetan monks. In conclusion we can say that all articles were written in a different way.

After the Youth Center, the groups went to the hostel to prepare to the international evening. **THIS IS THE MAIN EVENT TODAY**

All groups presented their national cuisines and drinks.
