

The Youth Times

22 th of March 2008, Friday

1. We visited Batalha monastery. It's in a Gothic style, which was built in XV century.

It looks really amazing .

2. Then we **has gone** to the Nazare beach, where we took great photos. We were amazed by old women wearing seven skirts and playing socks. Everyone were so happy because of getting to the seaside Jorge was the happiest one and got the sea wave or maybe the wave got Jorge... :D We took great group photos, which you can see before. Then we went up to Sitio cliff, where we saw picturesque view on the landscape. Participants could buy there some souvenirs.

We took so many photos, that all batteries went off and memory cards were full!!!!!!!

3. We had pick-nick somewhere in the forest (maybe it`s called FAR-FAR AWAY!!!), we eat some sandwiches and played volleyball or were just getting sunbaths...

Nice time in the nature....

5. After lunch we had an exciting trip to the countryside Obidos. Almost all people liked it because the excursion around that castle leaked into small Medieval adventure. Some people bought souvenirs, f.e. magnets, cups, plates with the views of those sides and even sling-shot.

6. Yeaahhhhhh!!! It has happened!!!! We moved to the seaside of Atlantic ocean =)))))) Now we live in beautiful building at the coast of the ocean!!

All in all people participants are happy with new hostel....

On this good note we end our 3-rd newsletter from Portugal. See you soon!!!
